Single-Unit Trucks To Transmit

Motor Vehicle News

NTSB says single-unit trucks are

COURTNEY L. DAVENPORT

Delivery trucks and motor homes should be s tractor-trailers, according to the National Tra issued new safety recommendations [[Although these single-unit trucks—la to a single frame and non-detachable cargo u the road, they account for 9 percent of fataliti including tractor-trailers, single-unit trucks ca of the hospitalizations, and 61 percent of the many non-fatal pedestrian and bicyclist injuri](http://w</p></div>
<div data-bbox=)

Despite the statistics, single-unit truck applicable to tractor-trailers and motor coach underride guards, reflectors on the outside to electronic stability control. The NTSB said th

“Tractor-trailers result in a larger prop crashes. However, this study shows that there
